

INDUSTRIAL

With over 25 years of electronics manufacturing and material services experience, Vexos has a reputation for delivering reliable, quality solutions for the most demanding industries. Our quality focused teams work together with Industrial equipment manufacturers to ensure their products meet the most stringent industry requirements.

Whether full turnkey complex systems or high level electro-mechanical assemblies, Vexos is uniquely positioned to provide flexible and adaptable solutions from NPI to full production, and product transition to next generation production.

SAMPLING OF PRODUCTS

- Electrical test equipment and measuring instruments
- High speed vision inspection equipment
- Electric and industrial vehicle charging systems
- Vehicle service diagnostic tools
- Smart grid infrastructure
- Control systems
- Plasma lighting products
- Water treatment systems
- Passport scanners
- Environmental monitoring equipment

The Power of a Strong Partner

- Full-service EMS provider specializing in high-mix, low- to mid-volume programs
- 25+ years of electronics manufacturing experience
- Exceptional quality assurance and certifications
- Unique global footprint to match your manufacturing requirements
- Flexibility to expand as your program grows

Services and Solutions

- Printed circuit board assembly
- Value Engineering Services (DFx)
- Rapid prototyping
- LCD display
- SMT assembly
- Cable assembly
- Electro-mechanical: silicone keypads and assemblies, membrane switches, metal fabrication, plating and surface finishes
- PCB: flexible circuits, rigid circuits and rigid-flex
- Custom plastics
- Final test
- Wireless technologies: RF, GPS, Satellite, Wi-Fi and others
- Detailed box-build/systems assembly
- Supply chain and logistics management
- Aftermarket repair and support

Contact us for more information about our capabilities for custom manufacturing for the Industrial market.

Dependable Quality

Vexos achieves the highest quality levels by utilizing the latest equipment, processes, quality standards and certifications across the organization; to enable a flawless launch of each individual program.

- Rigorous selection of sub-contractors or partner factories
- Performance evaluation and monitoring through regular audits of the factories
- Continuous training for personnel at all levels
- Document control to safeguard your data and release of technical documents
- Sample approval process including production part approval process (PPAP)

Certifications

- ISO 9001:2015
- ISO 13485:2016
- ISO 14001:2015
- FDA registered
- OHSAS 18001:2007
- RoHS and Non-RoHS
- IATF 16949:2016
- CGP certification
